Thank you for coming to the Summer Craft Fair!

We make ye kindly welcome.

The Shaker Heritage Society enriches the Capital Region by engaging the community with the founding home and enduring values of the Shakers.

The Watervliet Shaker community was America’s first Shaker settlement, established in 1776. The Watervliet Shakers’ core beliefs included the equality of men and women and of all races, pacifism, communalism, and celibacy. Ever industrious, they developed the process of packaging garden seeds in small paper envelopes and invented the flat broom. These two products, along with medicinal herbs, grew into major industries. Shakers here also impacted changes in New York State laws governing divorce, child custody, and property ownership.

Join us for our first annual Fall Gala: Seeding the Future, where we will celebrate and honor the Shaker landscape of the past, present, and future. Visit home.shakerheritage.org/fall-gala-seeding-the-future/ for more information!
